This is a great night to see what ABWA is about, meet the members, and network!

The mission of the American Business Women's Association is to bring together businesswomen of diverse occupations and to provide opportunities for them to help themselves and others grow personally and professionally through leadership, education, networking support, and national recognition.

Calinda Young describes herself as a worker bee—not the Queen bee—as she is never one to wait for something to be done—she will get it done!

Her passion is education and early in her career she opened and ran many successful daycares across the country. She graduated with honors from the University of Cincinnati with a degree in Early Childhood Education.

Calinda is a cancer survivor and is often called on to speak to first year medical students about her experience with the medical community. It is not uncommon to see these students wiping tears as she recounts her journey—ever faithful to her passion for teaching!

Calinda decided after 25 plus years working with children that perhaps it was time to take on a new challenge! She joined the ranks of financial services professionals and is now educating those who will soon be claiming their Medicare benefits. She patiently works for hours with her clients answering their many questions as they enter this new phase of their lives.

She started the Ohio River Valley Chapter of Women in Insurance and Financial Services (WIFS) and now serves on the National Board of the association.

Calinda's proudest achievement is her role as Mother and Grandmother. She has three successful sons and two feisty and fabulous granddaughters. She chose to be a stay-at-home Mom with her boys and cherishes the time spent with them in their early years!

This woman never stops. Never slows down.

She is like a hummingbird. If you get the chance to have her stop and spend awhile with you, consider yourself blessed—you will never be the same.
